Five-factor sensitivity tornado: low and high input levels shown separately
Cooling Overhead
low -0.0336
high +0.0336
Heat Price
low -0.0344
high +0.00878
Flexibility Price
high -0.00209
low +0.0187
Construction Delay
low -0.00626
high +0.00941
Land Availability
high +7.33e-15
low +0.0109
low input level
high input level
